

Join us throughout 2008 as we celebrate 25 Years of

GREENHOUSE GROWER

Each month, we'll feature unique anniversary coverage, exploring the past, present and future of the greenhouse industry. Throughout the year, our panel of industry experts will provide Top 25 rankings of the people and the innovations that have made the industry what it is today. Highlights will include:

- The Top 25 technological innovations of the past 25 years
- Top 25 new variety introductions of the past 25 years
- The 25 most influential growers of the past 25 years
- 25 people to watch in the next 25 years.

Reserve Your Space Now and be part of the celebration! 25% discount off all rates for December 2008 insertions!

Other features include:

- Q&As with some of the most influential GG cover subjects of the last 25 years, including their perspectives on the greenhouse industry today, and the key issues they think will drive the industry over the next quarter century.
- Pages from GG's Past – a look back at important stories from 1983 to 2008, with perspective from today.

The celebration culminates in December with a special, anniversary issue featuring a wide range of opinion columns from notable industry veterans addressing a range of future predictions.
